1.	<p>MEDICAL TRAINING MATERIAL FILES (File Number 1011-08). Documents relating to the development and supervision of the Medical Internship and Residency Training Program. Included are department teaching plans, schedules, hospital conference reports, minutes of the Medical Records-Medical Audit Committee and Subcommittees, and related documents.</p> <p><u>Disposition:</u> Destroy when no longer needed for training purposes.</p> <p><u>Background:</u> This record series is currently designated in AR 340-18-10 as PERMANENT. It was submitted to NARS on SF 115 for validation of its permanency during the recent "permanent files review" (Job # NC1-AU-78-2) but was withdrawn because of the NARS position that "...the records in question are not archival and should, therefore, be scheduled for eventual destruction." The proponent of the function, The Surgeon General of the Army, has determined that these records may be destroyed when they have served their purpose for current operations within the medical training facility.</p>		1 item
