**SECTION III - APPRAISER'S COMMENTS**

Plant Data Files (FN 1521-02) were appraised as nonarchival under NC1-AU-78-6, with one important exception. NCD and NNM agreed that records pertaining to nuclear power plants had archival value, both within OCE and other offices, and should be retained permanently. Army's current request for disposition authority complies with NCD's previous appraisal and should be approved.

The current volume of nuclear power plant records is 175 feet; the anticipated annual increase is 20 feet. These records have a subject/alphabetical arrangement.
